MEMORANDUM FOR: [REDACTED]

Chief, OCR/BR

SUBJECT:

Biographic Intelligence

1. Here are two copies of the notice we discussed by telephone. Information to the USIB mentioned here was circulated to USIB members by the Board's Executive Secretary as USIB-D-51.1/5, 18 April 1963. The Executive Secretary's memo quoted the Chairman of the NIS Committee reporting that at NIS Committee Meeting No. 373 on 26 March 1963 the Committee agreed to terminate Key Personalities production in the NIS after FY 1963. This termination depended upon OCR assuming responsibility for scheduled biographic reports to components of the Government previously relying on the NIS.

2. According to this, USIB expects OCR to do just that.
